3. Check your email to get the **auth code**.

4. Your login page appears when you input the auth code for online printing.

The screenshot shows the uniFLOW online dashboard for user Amirah. The dashboard includes a sidebar with links to Dashboard, Start printing, Extensions, and Legal notice. The main content area is divided into three sections:

- Notifications:** A list of notifications with dates and actions.

Notification	Date	Action
Email print job	07/01/2022	Start Print, Delete
Register a Card	07/01/2022	Delete
Review your Usage	07/01/2022	Dashboard, Delete
Customize your Dashboard	07/01/2022	Delete
Set up your Profile	07/01/2022	
- Identities:** A table showing user identities.

Type	Value
Card number	1871057341
Email	amirah@nmuc.edu.my
PIN	***
User name	amirah huda
- My queue:** A section for managing print jobs, currently showing "No entries".

5. To begin the printing process, go to **Start printing** then look at **Send file via drag and drop** section, you can drag or browse you needed file into it.

The screenshot shows the "Start printing" page in the uniFLOW online interface. It features three main sections for sending files:

- Send file via drag and drop:** A large dashed box with an upload icon and instructions to drag files (max 100 MB) or browse. A link to "Show list of supported file types" is provided.
- Send file via email:** A section with an email address (mobileprint@nmuc.sg.uniflowonline.com), a "Copy to clipboard" button, and a "Send an email now" button.
- Install printer driver:** A section with links to download printer drivers for Windows 32-bit, Windows 64-bit, and macOS.

On the right side, there are sections for "Install mobile app" (with App Store and Google Play links) and "Install Chrome extension" (with a Chrome Web Store link).

6. Proceed to the physical printer. After logging in with the provided printer ID and password, your material should be available.
