

**EXPLORE
THE MARITIME
WORLD**

R/1041/6/0005 (MQA/FA 10847) 04/24

Bachelor in **Maritime & Logistics** (Honours)

Welcome to the world of Maritime and Logistics! Our programme offers an exciting opportunity to explore the dynamic and interconnected fields of maritime transportation and logistics management. With the increasing global trade and the need for efficient supply chain operations, professionals in this field are in high demand.

**Frontiers Redefined
Transforming Possibilities
Creating Futures**

Bachelor in Maritime & Logistics (Honours)

In our programme, you will gain a comprehensive understanding of the maritime industry, including shipping operations, port management, logistics planning, and international trade. Our curriculum is designed to equip you with the knowledge and skills needed to navigate the complexities of the global supply chain and contribute to its seamless functions.

Through a combination of classroom lectures, practical simulations, and industry internships, you will have hands-on experiences that will enhance your learning and prepare you for real-world challenges. Our esteemed faculty, who are industry experts themselves, will guide you through the latest trends, technologies, and best practices in maritime and logistics.

Upon completion of our programme, you will be well-prepared to pursue a variety of career paths, such as logistics manager, supply chain analyst, port operations coordinator, or maritime consultant. The opportunities are vast and diverse in this ever-evolving field.

Join us on this exciting journey as we explore the fascinating world of Maritime and Logistics. Your future in this thriving industry starts here!
